## **\*Declaration**

The Rehabilitation of Offenders Act 1974 (Exceptions) Order 1975 provides that all convictions and offences of whatever nature and whenever they were committed must be revealed when applying for certain placement at the Hospice.

Criminal records will be taken into account for recruitment purposes only when the conviction is relevant. Having an "unspent" conviction will not necessarily bar you from a placement.

This will depend on the nature of the placement and the circumstances and background of your offences.

However, any "unspent" convictions, which are not declared and subsequently revealed, may result in exclusion.

A copy of the Hospice's Equal Opportunities Policy for volunteers is available upon request.

I understand that any placement offered will be on a voluntary basis and will be subject to the information given on this form being correct.
