Equality and Diversity Statement

Severn Hospice (the Hospice) is committed to the equal treatment of all employees and job applicants and requires all staff, whatever their grade or authority, to abide by this general principle. The Hospice is committed to all employees being able to achieve their full potential in an environment characterised by dignity and mutual respect.

No individual shall be treated less favourably than another on grounds of gender, age, religion or belief, marital status, race, nationality, ethnic or national origin, sexual orientation, disability, social background, trade union membership, criminal record, carer responsibilities or employment status. The policy of equality of opportunity extends to all services we provide.

Severn Hospice aims to promote equality of opportunity for all with the right mix of talent, skills and potential and welcome applications from a diverse range of candidates including those with criminal records. We comply fully with the DBS Code of Practice and undertake to treat all applicants fairly. We undertake not to discriminate unfairly against any subject of a DBS Check on the basis of a conviction or other information revealed. Candidates are selected for interview based on their skills, qualifications and experience.

A DBS Check is only requested after a thorough risk assessment has indicated that one is both proportionate and relevant to the position concerned. For those positions where a DBS Check is required, all application packs will contain a statement that a Check will be requested in the event of the individual being offered the post.

Details of criminal records must be sent under separate, confidential cover with your application form. We guarantee that this information will only be seen by those who need to see it as part of the recruitment process.

All those involved in the recruitment process have been suitably trained to identify and assess the relevance and circumstances of offences. At interview, an open and measured discussion will take place on the subject of any offences or other matter that might be relevant to the position.

Criminal records will be taken into account for recruitment purposes only when the conviction is relevant. Having an "unspent" conviction will not necessarily bar you from employment. This will depend on the nature of the position and the circumstances and background of your offences. However, any "unspent" convictions, which are not declared and subsequently revealed, may result in dismissal.

Under the Rehabilitation of Offenders Act 1974, a conviction will become "spent" (i.e. treated as if it had not occurred) where the individual has not, after a specified period of time, committed another serious offence.

Rehabilitation periods vary depending on the type and length of conviction originally incurred.

Severn Hospice has a legal obligation to protect vulnerable client groups from people who have committed serious offences, and as such meets the requirements in respect of exempted questions under the Rehabilitation of Offenders Act 1974. All applicants who are offered employment in a post that falls into this category will be subject to a Disclosure Barring Service Check, before the appointment is confirmed. This will include details of cautions, reprimands or final warnings, as well as convictions, including "spent" convictions and where the post is subject to an Enhanced Check, other relevant non-conviction information, such as police enquiries and pending prosecutions will be included.

Severn Hospice is committed to compliance with the Disclosure Barring Service's Code of Practice for Registered Persons and other recipients of DBS information.

A copy of the Hospice's Equality and Diversity Policy is available upon request.
