## **INFORMATION TO CANDIDATES - SUMMARY OF MAIN TERMS AND CONDITIONS OF EMPLOYMENT**

The following information is intended as a useful guide to applicants considering joining the Hospice. Full details are supplied with an offer of appointment.

- **SHIFTS**

Normal shifts are 9am to 7pm (including half hour unpaid break). You will normally be paired up with a colleague but there may be occasions of lone working. You will also be required to attend daytime mandatory training and meetings – you will be paid for your attendance. H@H day staff may spend periods of their day working alongside staff in our in patient care wards (dependent on operational requirements)

- **MEDICAL**

As part of the Hospice's selection procedure for employment, we ask all prospective employees to complete a pre-employment medical questionnaire. The purpose is to fulfil our responsibilities under the Health and Safety at Work Act 1974 and to ensure that the proposed employment does not present any particular risks from a medical point of view.

No formal offer of appointment will be made until the Hospice, through its Occupational Health Service Provider, is satisfied about your medical fitness to undertake the job. Further details about this will be sent to any prospective employee following interview.

- **REFERENCES**

No formal offer of employment will be made until we have received satisfactory references.

- **DISCLOSURE**

Please note that, because of the sensitive nature of the duties the postholder will be expected to undertake, you are required to disclose details of any criminal record, and any offer of employment will be subject to an Enhanced Disclosure provided by the Disclosure Barring Service.

- **PROBATIONARY PERIOD**

Your appointment will initially be for a probationary period of up to 6 months during which time your progress will be regularly assessed. Your line manager will work closely with you in order to help and support you as necessary throughout your probationary period. The Hospice reserves the right to extend the probationary period for any reason should this be deemed necessary eg. to provide additional training.

Your appointment will be confirmed in writing following the satisfactory completion of your probationary period. Your employment may be terminated at any time during the probationary period with appropriate notice. However, prior to this decision being made, every effort will be made to ensure that you reach the required standards.

- **SALARY**

The salary for this post is £8.56 - £10.23 per hour depending on experience. This is Band 3 under the Hospice's pay scale system. ## **An example of the Hospice at Home Service In Action**

We received a referral for Mr M via Clinical Nurse Specialist (CNS) at Severn Hospice. This gentleman and his wife wanted him to come into the hospice for end of life care. Unfortunately, when he was ready to come in, there were no beds available. His condition was rapidly deteriorating and it was Friday afternoon. Therefore, the CNS made a referral to H@H with the aim of supporting Mr and Mrs M at home. No formal day care was in place as Mr M had declined up to this point. Mr M's home was in Shrewsbury.

Mr and Mrs M were nervous of the changing situation. The District Nurse Team were heavily involved. On liaising with Mrs M on the telephone, due to the emotive nature of the situation, Mrs M was unsure what level of input her husband required. Hospice at Home (H@H) staff visited to introduce our service and to assess the level of care and support required. A flexible schedule was agreed, depending on Mr M's changing condition. Night care was agreed with Mr and Mrs M; initially, Mr M felt that his wife would benefit from this more than himself.

Routes of communication were established between the H@H team and the District Nurse who was caring for this couple at this time. This enabled prompt and timely responses to changes in Mr M's condition when updates were received from family or hospice staff.

Mr M's condition rapidly deteriorated over 24 hours and he died at home on the Saturday afternoon with his family in attendance. A H@H nurse had cared for him over Friday night. The H@H healthcare assistants had visited four times in the last 24 hours for varying lengths of time to give personal and supportive care including performing verification of death administration.

Mrs M stated that she felt supported during this period and was very grateful about the care that her husband had received.

The District Nurse also complimented the care given by the team. This was the first time that she had experienced the service. She stated that she had found it very responsive to her patient's changing needs and that this was very positive for herself as she was informed of changes promptly (perhaps more so than the usual route of communication of retrieving messages from an answer phone, which often delays response to patient's needs) She stated this improved the situation for both Mr M and his family. The flexibility of the H@H service to be able to change visit times and lengths dependent on the needs of the patient was remarked on by the District Nurse.

## **Severn Hospice Equality and Diversity Statement**

**Severn Hospice (the Hospice) is committed to the equal treatment of all employees and job applicants and requires all staff, whatever their grade or authority, to abide by this general principle. The Hospice is committed to all employees being able to achieve their full potential in an environment characterised by dignity and mutual respect.**

No individual shall be treated less favourably than another on grounds of gender, age, religion or belief, marital status, race, nationality, ethnic or national origin, sexual orientation, disability, social background, trade union membership, criminal record, carer responsibilities or employment status. The policy of equality of opportunity extends to all services we provide.

Severn Hospice aims to promote equality of opportunity for all with the right mix of talent, skills and potential and welcome applications from a diverse range of candidates including those with criminal records. We comply fully with the DBS Code of Practice and undertake to treat all applicants fairly. We undertake not to discriminate unfairly against any subject of a DBS Check on the basis of a conviction or other information revealed. Candidates are selected for interview based on their skills, qualifications and experience.

A DBS Check is only requested after a thorough risk assessment has indicated that one is both proportionate and relevant to the position concerned. For those positions where a DBS Check is required, all application packs will contain a statement that a Check will be requested in the event of the individual being offered the post.

Details of criminal records must be sent under separate, confidential cover with your application form. We guarantee that this information will only be seen by those who need to see it as part of the recruitment process.

All those involved in the recruitment process have been suitably trained to identify and assess the relevance and circumstances of offences. At interview, an open and measured discussion will take place on the subject of any offences or other matter that might be relevant to the position.

Criminal records will be taken into account for recruitment purposes only when the conviction is relevant. Having an "unspent" conviction will not necessarily bar you from employment. This will depend on the nature of the position and the circumstances and background of your offences. However, any "unspent" convictions, which are not declared and subsequently revealed, may result in dismissal.

Under the Rehabilitation of Offenders Act 1974, a conviction will become "spent" (i.e. treated as if it had not occurred) where the individual has not, after a specified period of time, committed another serious offence.

Rehabilitation periods vary depending on the type and length of conviction originally incurred.

Severn Hospice has a legal obligation to protect vulnerable client groups from people who have committed serious offences, and as such meets the requirements in respect of exempted questions under the Rehabilitation of Offenders Act 1974. All applicants who are offered employment in a post that falls into this category will be subject to a Disclosure Barring Service Check, before the appointment is confirmed. This will include details of cautions, reprimands or final warnings, as well as convictions, including "spent" convictions and where the post is subject to an Enhanced Check, other relevant non-conviction information, such as police enquiries and pending prosecutions will be included.

Severn Hospice is committed to compliance with the Disclosure Barring Service's Code of Practice for Registered Persons and other recipients of DBS information.
