Severn Hospice provides specialist palliative care and emotional support for families living with an incurable illness. We are there through the good days and bad days because we believe that when a cure is no longer possible, care is.

Since 1989, we have given free care and support to more than 34,000 patients and their loved ones during their time of greatest need.

Our hospice is part of health services offered to people living in Shropshire, Telford & Wrekin and Mid Wales but we are not part of the NHS. We are a completely independent charity, having to raise around two-thirds of our running costs.

Funding has never been more challenging. All of the care we provide to thousands of local people is only possible thanks to the generous support we receive from the communities we serve.
