

# Our care is everywhere

Last year, almost 3,000 families living with incurable illness received our care

## Did you know?

Our community nurses spent more than

**12,840**

hours with patients in their own home – that's 535 days of care

Our Patient and Family Support Services team helped

**598**

people with guidance and emotional care

Through our innovative virtual hospice

**146**

patients received hospice-level care at home without the need for hospital or hospice admission

**4** out of **5** of our patients are cared for at home

Nurses on our ward walked around

**10,000**

steps every day - that's around 1,300 miles a year

Our specialist clinics and workshops provided more than

**4,000**

appointments for patients to help them live as fully and independently as possible

# ... but it's not without cost

Every minute of every day we spend £19.97 on care

## And we couldn't do it without you...

### How your support helps

- £14** would allow a patient to attend a welcoming coffee morning where they can meet others, discover our services and chat with our nurses
- £24** could fund an hour's bereavement support session
- £50** means a patient can relax and soak in a hydrotherapy bath
- £225** would allow our community nursing team to spend the night with a family in their home
- £627** would fund our ward services for an hour
- £757** would pay for 24 hours of a nurse's specialist care

We have to raise £2 of every £3 we spend

**Help us make a difference**

84p of every £1 donated to us is spent on caring. We use the remaining 16p to raise the next £1

### Support our shops

We've got over 30 stores! Shop with us, and you'll help add £1.5 million towards the care we provide

### Gift Aid

Gift Aid added an extra **£591,000** towards our care – at no cost to you. It truly is a gift!

### Donate today

Every penny matters – and monthly giving ensures we can continue to care today and tomorrow

### Leave a gift in your will

Gifts in wills help pay for the care of **one in four** of our patients
